Phil Bristol is internationally recognized as an expert in accelerating organizational performance. Phil has over 25 years of business experience with a focus on strategic planning, business process improvement, and enterprise-wide project management.

He has produced significant bottom-line results for Fortune 500 companies including Sun Microsystems, Apple Computers, Varian Associates, McGraw-Hill, Eddie Bauer, and Applied Materials. He has also helped start-up companies like NOAH Software and FiberStar achieve growth and next-level performance.

Phil's broad work experience, education, and academic positions give him a balanced perspective for practical business solutions. His presentations and workshops on "*Speak The Language Of Leadership*", are acclaimed by executives worldwide.

Phil earned his undergraduate degree from the University of Nebraska, and his graduate degree from University of Northern Colorado. He has also completed post-masters courses from University of Southern California

He has received academic postings with Florida Institute of Technology, California State University, San Jose, and St. Mary's College. Phil has taught numerous courses in leadership, project management, and strategic planning at the graduate and under-graduate levels.

Phil is a much sought after speaker and presenter for professional organizations. His keynote presentations and workshops are highly praised by leaders nationally and internationally.

He holds numerous credentials and certifications from internationally recognized organizations and is a member of the Institute of Management Consultants.

Phil established Projectivity Solutions in 1990 to share his vision for helping organizations accelerate organizational performance through strategic clarity, enhanced day-to-day operations, and key-person leadership development. He has dedicated his professional career to helping executives, teams and organizations reach the next level of performance, productive and profitable.
